V-GROOVE ALUMINUM SIDING IN SOLSTICE GREY

HONEYCOMB

MUSTANG BROWN

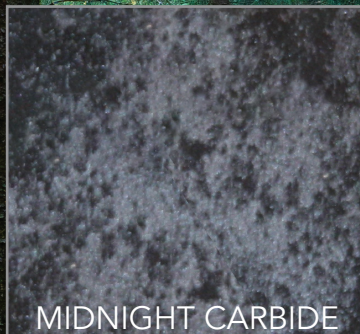

ONYX

Give your home added curb appeal with the Simcoe Series line of aluminum colours. These nature-inspired patterns will make your house stand out while protecting it for years to come.

**Features & Benefits:**

- Perfect as an accent or added pop of colour
- Available in siding, rainware, fascia, and roofing products
- Low-maintenance and will not rust, rot, chip, peel, flake, or blister
- Durable Fluoropon paint finish with a 40-year warranty

# ALUMINUM SIDING

V-GROOVE IN MUSTANG BROWN

## Features:

- Low maintenance siding choice
- Can be installed vertically or horizontally
- Engraved with a woodgrain embossed texture
- Will not rust or rot and is heat resistant
- The embossing increases its durability while hiding any wear and tear, and makes it less likely for damage to occur
- Colour matching trims and accessories are available

With its inviting design, strength, and durability, it's time to take aluminum siding to the next level with the Simcoe Series.
